

WELCOME BACK TO SCHOOL!

We are so excited to be welcoming students into our building starting on Tuesday and Wednesday! The staff have been hard at work getting everything ready for student's arrival.

I am so happy to be a part of the General Stewart Elementary School team this year and I look forward to getting to know all the students and families.

You can expect this weekly update to be arriving in your email every Friday morning to let you know what will be occurring the following week. It will highlight important events and dates. Please check out our website with our live calendar and great information about our school.
